

:: ADDTOCARTCHECKBOX MODULE DOCUMENTATION::

OVERVIEW

Our « *addtocartcheckbox* » module («Add to Cart Checkbox ») allows you to recommend a choosen product to your customer on shopping-cart summary page.

So It gives you the ability to encourage your customers to order an additional product, a featured product or a must-have accessory for example.

It is therefore an ideal tool to increase the amount of every order.

Installation

Before processing installation, we strongly recommend to create a backup of the webshop (especially for database. For more details on how to backup your data, please see Prestashop official documentation. The developer of this module cannot be held responsible for any data loss or any dysfunction of your website after installing this module.

Proceed to installation following one of this 2 methods :

1. Unzip module archive and then upload the folder to your web hosting space with a FTP software (such as Filezilla). Connect to your shop back-office, go to "Modules and Services" menu, find the module in modules list and then click "Install"
2. Connect to your shop back-office and go to "Modules and Services" menu. Click on "Add a module" button, scroll down a little to find the "Choose a file" button, browse your computer to find the module archive (zip file) and validate by clicking on "Upload this module" button.

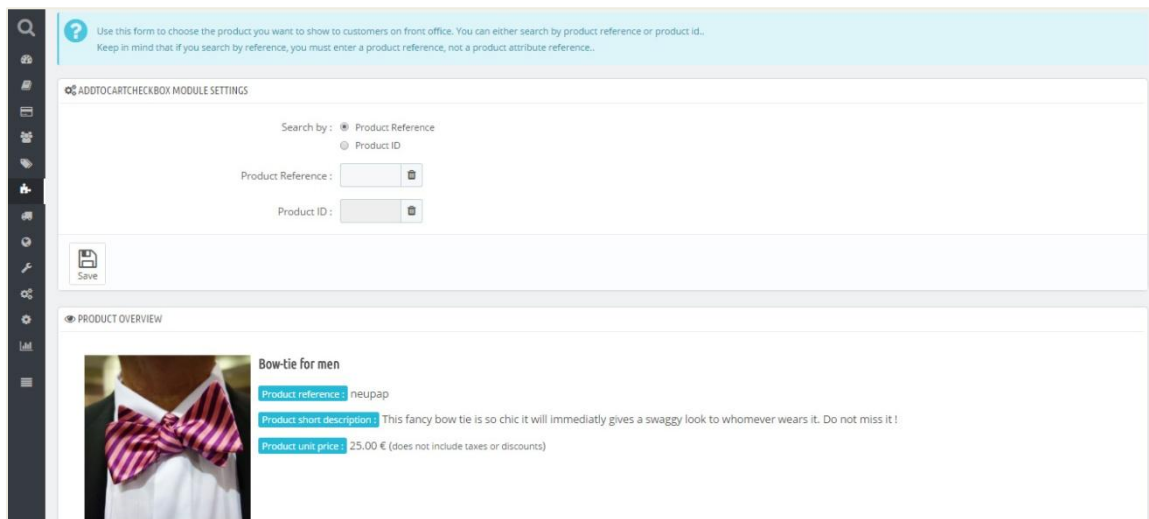

For more details or troubleshooting about Prestashop module's installation please read official documentation (<http://addons.prestashop.com/en/content/21-how-to>)

How-to

To configure this module and choose the product you want to recommend, all you have to do is to go in the "Modules and Services" menu ("Modules" in Prestashop 1.5), find the module in the list and click on "Configure".

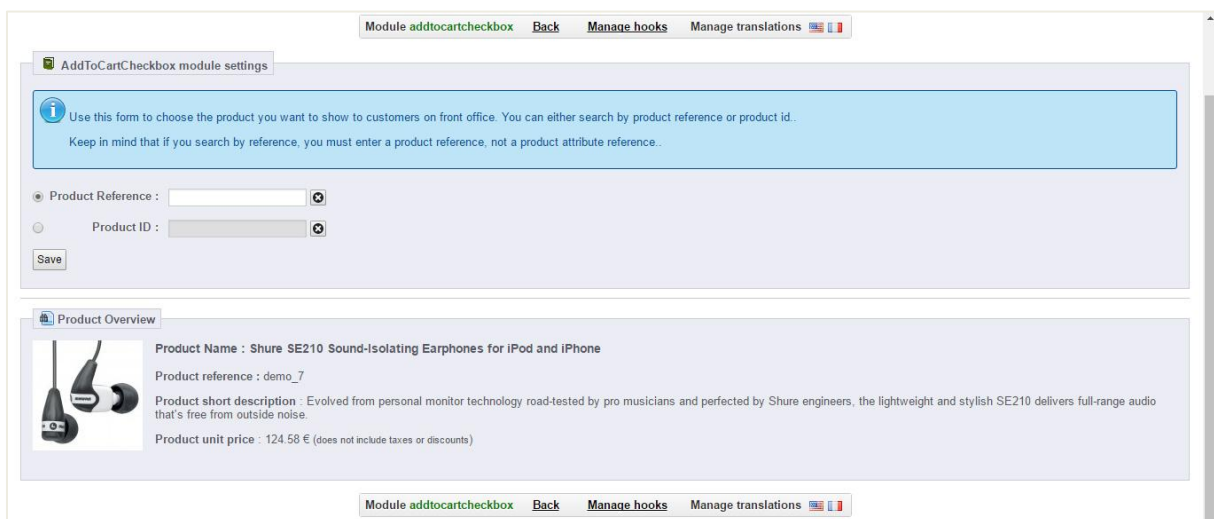

A first block, named "AddToCartCheckbox module settings", allows you to choose a product, either by its product id or by its product reference.

NB: if you don't know product id or reference, go to "Catalog > Products" menu of Prestashop back-office.

The screenshot shows the Prestashop 1.6.x back-office interface for the 'AddToCartCheckbox' module settings. On the left is a vertical sidebar with various icons. The main content area has a light blue header with a question mark icon and instructions: 'Use this form to choose the product you want to show to customers on front office. You can either search by product reference or product id. Keep in mind that if you search by reference, you must enter a product reference, not a product attribute reference.' Below this is the 'ADDTOCARTCHECKBOX MODULE SETTINGS' section. It contains a 'Search by:' dropdown with 'Product Reference' selected and 'Product ID' as an option. There are input fields for 'Product Reference' and 'Product ID', each with a trash icon. A 'Save' button is below these fields. The 'PRODUCT OVERVIEW' section shows a product image of a pink and white striped bow-tie, the name 'Bow-tie for men', and three lines of product information: 'Product reference: neupap', 'Product short description: This fancy bow tie is so chic it will immediatly gives a swaggy look to whomever wears it. Do not miss it !', and 'Product unit price: 25.00 € (does not include taxes or discounts)'.

Prestashop 1.6.x

This screenshot shows the Prestashop 1.6.x back-office interface for the 'AddToCartCheckbox' module settings. At the top, there's a navigation bar with 'Module addtocartcheckbox', 'Back', 'Manage hooks', and 'Manage translations'. Below this is the 'AddToCartCheckbox module settings' section. It features a light blue header with a question mark icon and instructions: 'Use this form to choose the product you want to show to customers on front office. You can either search by product reference or product id. Keep in mind that if you search by reference, you must enter a product reference, not a product attribute reference.' Below this is the 'PRODUCT OVERVIEW' section. It contains a product image of Shure SE210 earphones, the name 'Product Name : Shure SE210 Sound-Isolating Earphones for iPod and iPhone', and three lines of product information: 'Product reference : demo_7', 'Product short description : Evolved from personal monitor technology road-tested by pro musicians and perfected by Shure engineers, the lightweight and stylish SE210 delivers full-range audio that's free from outside noise.', and 'Product unit price : 124.58 € (does not include taxes or discounts)'. At the bottom, there's another navigation bar with 'Module addtocartcheckbox', 'Back', 'Manage hooks', and 'Manage translations'.

Prestashop 1.5.x

After you choose the product, it will appear in the 2nd block, named "Product Overview". This block summarizes product main details : its name, its reference, its short description, its base price and its picture.

FAQ

Here are some explanations about some warnings you may encounter in module configuration.

This product has combinations, only default combination will be shown to customer

No problem here, the module just points out that you chose a product that has combinations. The default combination will be the one suggested to customers. To know and modify which combination is the default one, go to its product sheet in "Catalog > Products" menu and then in "Combinations" tab (the default combination is the one that has ✖ icon at the end of its line).

This product cannot be ordered by customer. Either it is not available for order OR it is out of stock and out of stock order is not allowed

One of the following elements could explain the the product cannot be ordered by your customers. The product may not be available for order. Go to its product sheet in "Catalog > Products" menu and then in 'Information' tab « » to verify that "available for order" checkbox is ticked. The product may also be out of stock. If so, it shall be ordered only if "When out of stock" option is set to "Allow order". You will find those details in "Quantities" tab of product sheet.

This product is inactive, before customer can add it to his cart you must activate it.

The product you have chosen is disabled. To enable it Le produit que vous avez choisi est désactivé. Pour activer le produit, Go to its product sheet in "Catalog > Products" menu and then in 'Information' tab.
